TENERIFE GOLF

Tenerife Golf is the Turismo de Tenerife brand in charge of promoting the island as a destination for playing golf. **It brings together eight courses in Tenerife (plus the Tecina Golf on La Gomera), 20 hotels, as well as specialised shops and transport companies.**

Created in 1999, it promotes the best holiday packages to enable golfers to fully enjoy their favourite sport on the island, both in terms of a round itself and the other charms of Tenerife that make the island a top holiday destination.

Its year-round promotional work focusses on collaboration with tour operators, travel agents and players, as well as attendance at fairs, which is aimed at achieving the widest awareness of Tenerife's unique qualities for the sport.

The island organises tournaments and renowned events that contribute to positioning Tenerife as the ideal destination for a round of golf.

Amarilla Golf

9 GOLF courses, NINE REASONS

1. The weather

The island's average annual temperature of 23 degrees Celsius is extraordinary and, of course, highly practical for a round. Players can enjoy a game in shorts and a polo shirt in summer. And in winter? The same of course! Springtime on the island runs from January to December!

2. The courses

Tenerife's courses have been designed by golfing greats over the years. Donald Steel, Severiano Ballesteros and Dave Thomas infused each hole with the best of their experience and managed to make the most out of every valley and hillside.

3. Customer service

Guests are the lifeblood of the course and hotels... meaning staff who work there have been carefully trained to assist golfers with spot-on professionalism - just as it should be.

4. Hotel infrastructure

The efforts made to keep Tenerife a top holiday destination have certainly paid off and the island enjoys one of the most modern selections of 4- and 5-star hotels in Spain and Europe. In addition to this, there is direct access to the course from many of these hotels - a luxury for any golfer.

5. The pleasant atmosphere

Why do the locals always seem to be in a good mood? 50% is in the genes and the other 50% could possibly be down to the climate. Smiling comes naturally to people who live on the island and playing golf helped by friendly staff makes it all the more fun and pleasant.

6. International airports

Maps should be drawn based on how long it takes to get to places. Tenerife has two international airports with two to four hours' flying time to Europe's main cities (there are flights to nearly 150 cities).

7. Destination services

You can hire clubs (or get them repaired if there is an incident), trolleys, transport to the course and anything else you may need for a full-service stay on Tenerife.

8. Safety

Tenerife is a Spanish region and thus a member of the European Union which ensures the highest safety standards: individual safety and healthcare at the same standard as anywhere in Europe, alongside a mild, calm climate with no risks or unpleasant surprises.

9. Tenerife, the holiday destination

Since golf never takes up 100% of your time, you will be able to enjoy the rest of the island. From the local cuisine and Michelin-starred restaurants to beaches, shopping centres, World Heritage cities, the Teide or dolphin and whale spotting. Golf and Tenerife - what we could term 'the perfect match'.

GOLF can be even more magical

Do you long to be able to play a round in good weather throughout the year? Golfing amateurs and professionals take refuge in Tenerife every year thanks to its warm winters and gentle bright summer days. Visitors come to the island and discover the secret lies with an average **annual temperature of 23°C**.

Although if you are a golfer, the top reason without doubt drawing you to the island is its

eight exclusive golf courses, in addition to the Tecina Golf course on the island of La Gomera (lying just a half hour boat ride away).

Each course is uniquely original thanks to its location and design, top-quality services, mythical views and the welcoming atmosphere awaiting you there. Not to mention the picture perfect sunsets - the kind you wish could last forever.

Golf Las Américas

Designer courses

Tenerife's courses have been designed by golfing greats such as **Donald Steel** or **Severiano Ballesteros**. They frequently host all kinds of European championships and tournaments such as the Men's and Ladies' Spanish Open which welcome both national and international stars.

If you are wondering what lies behind this success, the answer is diversity. One day you can play on mountain courses 700 metres high and the next, on the coast, at the foot of cliffs or on sandy or rocky coves. The freedom to choose is most welcome as it means you

can continually experience something different and new, and that little bug is what makes you come back to island time and time again.

The ocean is a star attraction at most of Tenerife's courses. Lots of greens are located on the shore itself, making for a spectacular backdrop! Can you imagine the amazing mix of colours with the green course, deep blue water and white caps of the waves? The mere fact of hitting the ball whilst listening to the gentle rolling of the ocean makes it a worthwhile sensation to explore.

Buenavista Golf

A stage for GREAT TOURNAMENTS

Tenerife is an expert in hosting major national and international golf tournaments, something that it has been doing since 1964. That year, the International Open Championship of Spain - what is now called the Men's Open de España - was played at Tenerife's Real Club de Golf. Since that first Open de España, another four Open de Tenerife have been held: 1989, 1990, 1992 and 1994. We can also add to the list two Open de Canarias, those of 1993 and 2003, and one Open de España, in 2003; all part of the men's European circuit.

For almost a decade, from 2002 to 2010, Tenerife played host to the prestigious Tenerife Ladies Open, with the best players

of the women's European circuit participating. In 2011 the **Tenerife Ladies Match Play** was held, and from 2012 to 2014, the Island became a reference for international women's golf thanks to the Tenerife Open de España.

Since 2009 until 2019 the Fred Olsen Challenge de España and the Alps Tour, both tournaments that belong to the European satellite circuit, have been contested at Tecina Golf on La Gomera, a course that is part of the Tenerife Golf brand. The Salme's Cup, a charity golf tournament known as "the place where dreams come true" and considered to be the most fun of all those on the calendar, as well as the DISA Spanish Female Professionals

Championship, also chose the Island as their base in their 2013 to 2015 seasons.

In addition to these renowned championships, Tenerife is a backdrop throughout the whole season for tournaments that keep the passion for golf alive. This is the case with the International Abama Pro-Am, and the Circuito Tenerife Golf, which is contested during the summer months on the various courses across the Island.

Apart from tournaments, in October 2015 Tenerife was the venue for the International Golf Travel Market (IGTM), the world's most important golf fair.

The full EXPERIENCE

Golf del Sur

Be captivated by the lush vegetation

The fairways and greens on the island's courses are meticulously manicured. The surrounding gardens are beautiful, filled with palm trees, giant cacti, spurges or pine trees. Wandering around, you will come across all types of birds (ducks, coots, ospreys) and enjoy the carp that swim in the lakes.

The truth is you'll be captivated by the lush vegetation and variety of animal life. If you then happen to glance up at the clear blue sky, you will surely want to stay and play golf here forever.

Beyond the beauty, the key is feeling comfortable and treated well - something the island can guarantee. People smiling at you, treating you nicely when you get to the course, putting your name on your buggy or loading up your clubs are the little things that all add up to make it a resounding experience.

What about later?

What about when you're not on the fairway? What if you come with a partner who isn't a golf lover? What to do... The island has dozens of spas where you can relax; hundreds of boutiques, shopping malls plus several department stores for strolling around, window-shopping and splashing out. We'll be honest with you: sometimes it is hard to choose just one of the cultural offerings waiting to be enjoyed every day. Some even think it a sin to not find time to head into the island's wild volcanic nature spots. Then, of course, there's accommodation. The

selection of 4- and 5-star hotels on Tenerife is (probably) the most modern in Europe. Many establishments have been meticulously designed to meet golfers' requirements. They offer specialised services for before, during and after a game that live up to, and even surpass, your expectations.

This is what makes you dream about your golfing trip when you get back home and we are not exaggerating when we say that you'll be counting the days to your return. It's what usually happens!

Hotel Jardín Tropical

The Hotel Jardín Tropical stands out after being fully renovated with a mixture of ethnic and African décor, offering a breath-taking view over the Atlantic Ocean and the island of La Gomera. The focus is on a gastronomic experience, spread across five different restaurants and in the new premium zone The Club with 5-star service for the most

exacting customers. The Beach Club Las Rocas, located right on the sea front, and the exclusive open air Ocean Gym with sea views, will no doubt be one of your favourite places during your stay. Personalised service at the golf desk offers the option of booking green fees with special conditions across all of the island's courses, particularly at Abama Golf.

Hotel Las Madrigueras

'The green... at your feet' is the tagline for this hotel to entice golfers. And it is literally true. The hotel has a colonial design and seamlessly blends into Golf Las Américas. The panoramic views are great: on one side is the beautiful course and, on the other, the ocean and La Gomera. Staying here is undoubtedly a great choice, especially for

golf lovers. The hotel has direct access to the course and special green fee offers for guests. Then there are the small details such as shoe cleaning and clubs or the use of a buggy that are included in the price.

Hotel Suite Villa María

Hotel Suite Villa Maria is a 5 star Villa Resort located within the “Los Lagos” (par 33) Costa Adeje Golfing complex, and less than 2 kilometers from Golf Costa Adeje’s Championship course (par 72), where various professional golfing tournaments have taken place.

Approximately one kilometer from the beachfront of La Caleta with top-notch views over the mountains, sea and the southern portion of Tenerife. Far from the

usual mass tourist complexes, Hotel Suite Villa Maria is designed for those shunning noise and seeking a quiet area which is both comfortable and friendly within which they can relax and unwind during their holidays. Some villas have an outdoor jacuzzi and private pool.

Furthermore, Hotel Suite Villa Maria is just opposite of one of the island’s best high-performance sport centers: Tenerife Top Training.

Iberostar Grand El Mirador

A dream hotel for adults only, 5 star grand luxe with the most exquisite facilities. The five-star service guarantees perfect holidays for R&R, alongside a touch of distinction. The architecture harks back to ancient Al-Andalus, whilst the entire setting is a marvel: large terraces and gardens, pool, sun terraces

with loungers... as well as a wide exclusive culinary selection. For a first-class experience, guests have a VIP area with private pool and solariums, in addition to their own butler service if requested. The hotel's location is fantastic, near several golf courses in the area.

Meliá Hacienda del Conde Golf & Spa Resort adults only

This hotel is located in an almost untouched area of Tenerife, alongside the Teno mountain range in the northwest of the island. It's hard to decide if the best thing here is the five-star facilities, service and professional staff, colonial architecture, the innately tranquil setting or the views. It may

well be all of them combined that makes it a unique place. The Meliá Hacienda del Conde Hotel and Buenavista Golf course are completely blended meaning golfers could wish for nothing better for their golf and rest days.

Hotel Botánico & The Oriental Spa Garden

Thanks to its elegant peaceful atmosphere, this is one of the island's most emblematic hotels and a place to stay for a sophisticated clientele. The rooms and suites are stunning, comfortable and come with exclusive furnishings and décor. The lush gardens cover over 25,000 square metres and the wide culinary selection and select spa, just

add to the charms of the hotel that benefits from sparkling views of Mount Teide and the Atlantic Ocean. For golfers, there is an 18-hole putting green with bunkers and ball machine next to the hotel and with their award winning Spa, why not mix golf and relax in these beautiful surroundings.

Hotel Jardín Tecina

First-time visitors are likely to be electrified by the priceless views over the ocean and towards Tenerife, although there are many more equally mind-blowing attractions. This complex is located on La Gomera in a 70,000 square metre landscaped orchard where the architecture blends seamlessly into the natural setting. Designed in an attractive bun-

galow style, the rooms and suites induce a sense of relaxation, increased by the subtle addition of birdsong and the gentle murmur of the ocean. Golfers can't help but fall for the 18-hole course.

What to pack in your suitcase

With average temperatures of 20°C in winter, 25°C in summer and 300 days of sun per year, the best thing is to bring beachwear and sun cream, comfortable cotton clothing, a jumper

or two and a jacket in winter, always depending on the altitude of the area you're visiting. Bear in mind that different altitudes and the trade winds create microclimates, so sometimes temperatures can vary considerably in just a few short miles.
